TERMS & CONDITIONS

SNAP!office is proud of the products we make. We know that you have choices when purchasing office furniture and we value the confidence you have shown in us with your purchase. Our terms and conditions are simple: **You can expect your dealings with SNAP!office to be professional, personable and prompt. If there is something wrong with your purchase, we want to know about it; if it is our fault, we will make it right subject to the terms below. We will do what we said we will do, when we said we will do it, to the best of our ability!** That is our business philosophy. And that is how we view our relationship as your business partner.

Our lawyers made us put in the rest of the stuff, because occasionally, some people take advantage. We know you wouldn't do that!

Limited Warranty

SNAP!office warrants that the products it manufactures are free from defects in design, material and workmanship under normal use and with proper care and maintenance. This warranty will remain in effect for the following periods of time, commencing with the date of purchase from SNAP!office or its authorized dealers, but only as long as the original purchaser continues to own the warranted product.

- Lifetime – For all products and components NOT listed below
- Five (5) years – Electrical components and functional mechanisms, including, but not limited to drawer slides, keyboard trays, casters, and pneumatic cylinders

During the term of this warranty, SNAP!office will repair or replace (at our discretion), without charge, any warranted product or part that malfunctions or fails to conform to the warranty. THIS REMEDY OF REPAIR OR REPLACEMENT IS THE PURCHASER'S SOLE AND EXCLUSIVE REMEDY FOR A BREACH OF THIS WARRANTY.

This warranty does not apply to:

- Any damage caused during shipping
- Any product installed or used in a way other than in accordance with SNAP!office guidelines
- Any product that has been repaired, altered or modified by any person other than SNAP!office or its authorized representatives
- Any attachment added to a product
- Any plastic laminate, fabric or upholstery material: these materials are covered by the laminate and textile manufacturers under their specific warranty only

- Any part or material provided by the purchaser
- Any damage caused by misuse, abuse or negligence on the part of the purchaser or any third party
- Normal wear and tear

THIS WARRANTY IS IN LIEU OF ANY OTHER WARRANTY AND THERE ARE NO OTHER REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. UNDER NO CIRCUMSTANCES WILL SNAP!office BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES OR FOR ANY DELAY IN PERFORMANCE UNDER THIS WARRANTY. IN NO EVENT SHALL LIABILITY UNDER THIS WARRANTY EXCEED THE ORIGINAL PURCHASE PRICE.

This warranty is in effect for products shipped on or after 11-01-2010

Ordering

Orders will be accepted via mail, fax, or electronic transmission; and include complete identification and description of the product using SNAP!office specifications and descriptions. Telephone orders must be confirmed in writing within 24 hours and marked "Confirmation". Duplicate orders that are received by mail (or after having been electronically submitted) and not marked "Confirmation" are the responsibility of the purchaser.

All orders, when accepted, will be acknowledged in writing indicating the terms and conditions by which the order was accepted and a description of the items being ordered. Orders will be shipped in accordance with the information on the acknowledgement. Notify SNAP!office immediately of any discrepancies. If the acknowledged information is incorrect we must receive written instruction to change. Promises of delivery from stock are subject to prior sale.

Changes or Cancellation

Orders may not be changed or cancelled without written consent from SNAP!office Furniture. Due to short lead times, changes or cancellations may result in charges if orders have entered the production process. Special, non-standard product or products with COM may not be cancelled.

Credit Terms

Net 30 days from date of invoice for customers with approved credit.

Suspension

In the event purchaser defaults in the payment of any sum due SNAP!office Furniture, SNAP!office Furniture shall have the right at its option, upon notice to the purchaser, to defer or discontinue shipment of any goods permanently or until such time as the default is cured or the purchaser provides assurances of payment to SNAP!office Furniture in such form, content and/or amounts as SNAP!office Furniture, in its sole discretion, deems adequate.

Prices

All prices are delivered list prices effective with the date printed on cover and supersede all other published price lists. Orders are accepted subject to the price prevailing at time of shipment.

Taxes

All sales, use, excise and other applicable taxes are in addition to the prices for products. Such taxes are the purchaser's responsibility and will be invoiced to the purchaser. If purchaser claims an exemption from such taxes, it shall be the purchaser's responsibility to furnish an appropriate exemption certificate to SNAP!office Furniture.

Code Restrictions

Since local codes vary, it is the purchasers' responsibility to insure proper application and installation of SNAP!office Furniture products in accordance with local requirements.

Shipping

SNAP!office Furniture products are manufactured or assembled in Allendale, Michigan and will ship prepaid from this location. We reserve the right to use our discretion in selecting freight carrier and routes. We will attempt to meet any special routing requirements that purchasers may have but assume no liability for damages or costs incurred by our inability to do so. All shipments are on a dock-to-dock basis. Inside delivery, set-up and installation or other special services are additional and must be arranged prior to shipment.

Claims

Legal title of merchandise passes to the purchaser upon delivery by SNAP!office Furniture to the carrier.

Purchaser must check all cartons, skids and containers for damage upon receipt of shipment. If shipment is received in a damaged condition, note the damage on the transportation company's freight bill. Do not reject the shipment. Concealed damage must be reported to the transportation company as soon as possible after delivery but not later than fifteen (15) working days after

delivery. Claims for apparent defects, errors or shortages must be made within five (5) working days of delivery to SNAP!office Furniture customer service. SNAP!office Furniture will assist dealer in pursuing freight claims. Failure by purchaser to make claims within five (5) working days shall constitute acceptance of the goods and waiver of any apparent defects, errors or shortages.

Returned Goods

Returns will not be accepted without SNAP!office Furniture's written consent and shipping instructions. Products with COM are not returnable. Unauthorized returns will not be accepted.

Force Majeure

The shipping date specified in the acknowledgement represents the best estimate of a shipping date at time of acknowledgement and is not guaranteed. SNAP!office Furniture shall not be liable for failure to perform or ship where such failure is due in whole or in part to the act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, act of enemies, shortage or curtailment of material, strikes or disputes between or among labor unions, transportation or utility services, labor or production difficulties, accidents, fires, floods, acts of God or any cause not within the reasonable control of SNAP!office Furniture. Without limiting the generality of the foregoing, SNAP!office Furniture may, without causing any breach or incurring liability, may allocate goods which are in short supply, irrespective of the reasons therefore, among purchasers in any manner which SNAP!office Furniture in its sole discretion deems advisable.

ANSI/BIFMA

SNAP!office Furniture products meet or exceed all ANSI/BIFMA standards for the respective product categories/classifications.

State Law and Jurisdiction

The sale of products and services in accordance with this price list shall be governed in all respects by the laws of the State of Michigan. Any action arising out of the sale of goods or services will be brought, heard and decided in the District or Circuit Court located in the City of Grand Rapids or in the United States District Court for the Western District of Michigan.

Authorized Dealers

Possession of the catalog/price list does not constitute an offer to sell. Sales of SNAP!office Furniture products are made through authorized dealers only.

appraise freestanding

SNAP!office Appraise Freestanding

All Appraise Freestanding products are constructed using SNAP!office's standard supporting pedestals and are of similar construction as SNAP!office worksurfaces. Appraise Freestanding products meet or exceed ANSI/BIFMA standards.

Pedestal Desks

Single, double and zero pedestal desks are constructed using SNAP!office standard supporting pedestals and SNAP!office standard worksurfaces. Corner wrappers are used in the absence of a supporting pedestal. All Appraise Freestanding desks are factory assembled and shipped in a self-containing carton for easy installation. Desks are pre-drilled for flat bracket connections for returns and bridges, ensuring proper alignment and fit.

Returns

Pedestal returns are constructed using SNAP!office standard supporting pedestals and SNAP!office standard worksurfaces. Returns are attached to desks by the use of flat bracket connectors. Returns are shipped assembled and in a self-containing carton.

Bridges

Bridges are shipped knocked down and pre-drilled for easy attachment of the modesty panel.

Quarter Rounds

Quarter Rounds are pre-drilled for easy attachment.

Overhead Cabinets

Overhead cabinets are shipped assembled and in a self-containing carton. Overhead cabinets consist of two hinged non-locking doors, center book shelf and tackboard. SNAP!office standard task lights can be specified separately for mounting under the shelf.

Peninsula Desks

Available in linear or D-shaped. Peninsula desks shipped knocked down. All desks are predrilled for proper placement and attachment of the bases. Bases are shipped knocked down and require assembly.

Bookcases

Bookcases ship assembled with the adjustable shelf units packed separately. Adjustable shelves allow for custom placement in 1/2" increments.

Filenzas

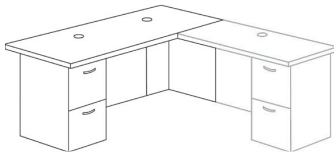

Filenzas are shipped assembled and in a self-containing carton. Stackable bookcases are shipped separately in their own self-containing carton and have one adjustable shelf for custom placement in 1/2" increments.

Round Tables

Tables are predrilled for proper placement and attachment of the bases. Bases are shipped knocked down and require assembly.

Dimensions

Appraise Freestanding products are stated in nominal measurements only. Please contact SNAP!office customer service to verify exact dimensions.

system panels

All SNAP!office Appraise panels include patented factory installed raceways in standard powder coat finishes, and pre-punched covers to accept data and phone jacks. All panels include the steel hanger frame, which allows for component adjustment in 1" increments. Aluminum top cap and steel panel shells are powder coated to provide a durable and aesthetically pleasing finish. Glides are included.

Standard Fabric

This structural panel has a fabric surface. Standard fabrics are Class A Fire Rated.

Acoustical

This sound-reducing, structural panel has a fabric surface over acoustical batting. The batting provides additional sound absorption. Standard fabrics are Class A Fire Rated.

Half-Glazed

These glazed, see-through, structural panels have an acrylic plastic insert retained with fabric covered strips. Standard fabrics are Class A Fire Rated.

Acrylic begins at approximately 36¾" from the floor.

Full-Glazed

These glazed, see-through, structural panels have an acrylic plastic insert retained with fabric covered strips. Standard fabrics are Class A Fire Rated.

| DR3 | Circuit 3 | 1 | \$ 27 |
| DR4 | Circuit 4 | 1 | \$ 27 |

All SNAP!office electrical systems are enclosed in conduit in their own raceway.
Each circuit is wrapped in foil to separate the circuit wires
from each other.

3+D Wiring Diagram 208/120V

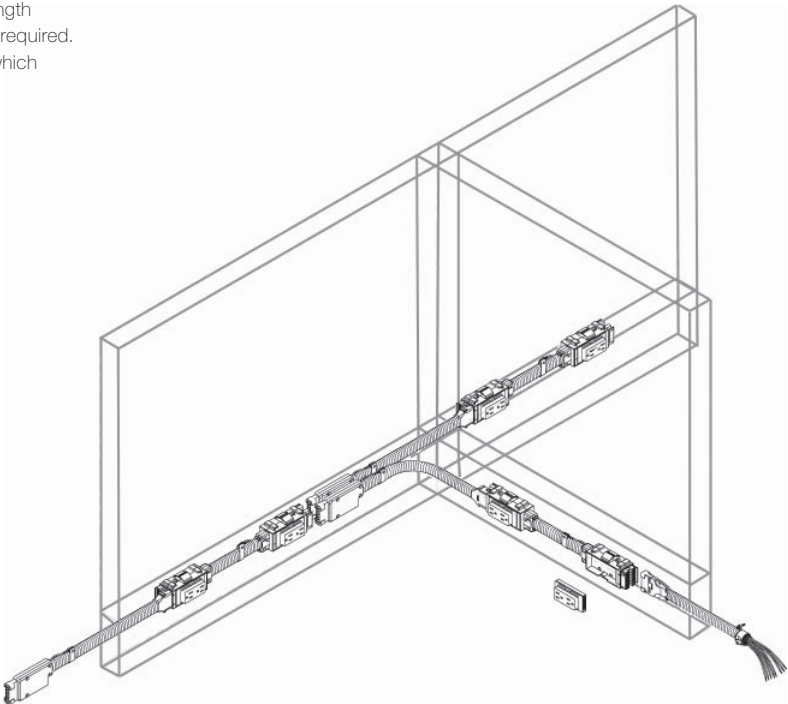

For Chicago and New York City electrical requirements please contact
Customer Service.

Electrical Plan View

Prewired Electrical System

Practical design combines junction blocks, jumpers and power infeeds
into one modular assembly. With 3½" of adjustability, different length
harnesses for 90 degree turns and "T" panel conditions are not required.
Power is routed through extremely flexible, oval metal conduit, which
makes traversing sharp corners easy.

system worksurfaces

Construction Details

SNAP!office worksurfaces are cold pressed with a balanced construction to provide a stable surface which is approximately 1¼" thick. You may choose from our offering of laminates which have been selected to coordinate with our standard trim colors.

Standard edge treatment is a 3 mm edgeband, available in standard colors.

Laminates

See SNAP!office standard laminates, page 7.3.

Wood grain laminates are directional, with the grain direction running parallel with the worksurface length. Corner worksurfaces' grain will run at a 45° angle.

Cantilever

Cantilevers are included with each worksurface.

Construction Details

SNAP!office table tops are cold pressed with a balanced construction to provide a stable surface which is approximately 1¼" thick. You may choose from our offering of laminates which have been selected to coordinate with our standard trim colors.

Standard edge treatment is a 3 mm edgeband, available in standard colors.

Laminates

See SNAP!office standard laminates, page 6.3.

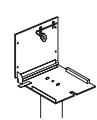

Wood grain laminates are directional, with the grain direction running parallel with the table top length.

Tackable Divider Screens

Tackable divider screens are constructed using a 4-ply construction. The core is machined to accept bayonet brackets providing a concealed support system for the fully tackable screen. Attachment brackets are screwed to the underside of the table or worksurface. The screen slides down over the brackets and comes standard with a curved top edge detail.

Table Bases

SNAP!office standard base height is 27¾", allowing the top of a 1¼" worksurface to reach 29".

A Flip-top mechanism is available on the following bases: T-Base, C-Base. The flip-top mechanism allows tops to tilt upright for more compact storage of tables that are not in use.

Tip: Flip-top tables are not meant to be used in multiple table configurations. Tops may not align.

Locking casters add versatility and mobility to any table. Used in conjunction with the flip-top mechanism, casters create easy to move, easy to store tables.

Note regarding recommended leg and base usage: See base choices to determine possible base and table top configuration. For larger tables straight leg diameters will increase.

Pedestals

Pedestals meet or exceed BIFMA standards. Three-quarter extension ball bearing slides on all box drawers and full extension ball bearing slides on file drawers. All units feature a gang locking system and master keyed, core removable locks. Mobile pedestals have locking casters and counterweights installed. All units accommodate letter filing and DO NOT include conversion bars.

Mobile Pedestals with Cushion

Select cushion fabric from our standard seating fabric offering. Teknit fabrics not available.

Laterals

All units are standard with full extension ball bearing glides and interlock mechanism on all drawer bins. Each cabinet features a gang locking system, master keyed, core removable locks and four leveling glides. All five drawer models have the top drawer retract into the cabinet. Order conversion bars separately for front to back filing. Counter weights are NOT included and must be ordered separately.

File Centers

These cabinets are designed to fit under work surfaces and DO NOT include tops. Features multiple drawer configurations to meet every users needs. Meets or exceeds BIFMA standards. Three-quarter extension ball bearing slides on all box drawers and full extension ball bearing slides on file drawers. All units accommodate letter filing and DO NOT include conversion bars. Order FCB to provide optional legal filing.

Mobile File Centers with Cushion

Select cushion fabric from our standard seating fabric offering. Teknit fabrics not available.

Systems Tackboards

Select from any of our standard panel fabric choices. Tackboards can be installed on systems panels and on wall track.

The entire surface of these boards is tackable. The board is a 3-ply lamination, using compressed fiberboard on both sides of a solid core material, creating a board approximately 7/8" thick.

Systems Markerboard

Constructed using high quality HPL markerboard material. These boards are approximately 3/4" thick. 3mm black PVC edgeband finishes the edges. These boards, like our systems tackboards, can be used on both panels and wall track.

Desktop Power and Data

Power and data access is available in our systems mounted tackboards using our patented combination power and data strip. This strip provides barrier free access to data and electrical connections. Standard configurations provide an 8' long cord and is U.L. Listed. The data port accepts AMP flexmode data and telecommunications modules. These strips may be hardwired where code prohibits use of temporary power taps.

Wall Mounted Tackboard

The entire surface of these boards is tackable. The board is a 3-ply lamination using compressed fiberboard on both sides of a solid core material creating a board approximately 7/8" thick. All of these boards are complete with the hardware needed for most wall mounting applications.

Corner Style and Edge Profile for Tackboards

All tackboards are finished with a 1/4" radius on the edges and square corners. Please contact customer service with any edge or corner profiles different than our standard.

Wall Mounted Laminate Markerboard

This product is of the same core construction as our systems markerboard however, wall mounted markerboards are framed using a silver or black anodized aluminum frame. A marker tray is included and applied using a high bond adhesive tape.

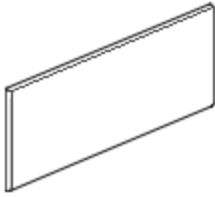

Wall Mounted Porcelain Markerboard

Porcelain markerboards are for those who need the most durable dry erase writing surface available. These boards are trimmed with an anodized aluminum frame available in silver or black. Magnetic tray included.

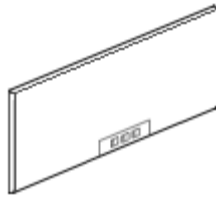

The entire surface of these boards is dry erasable. The face of this markerboard is the highest quality porcelain on steel, which is compatible with the use of magnets. Boards are complete with hardware intended for most wall mounting applications.

Mobile Easels

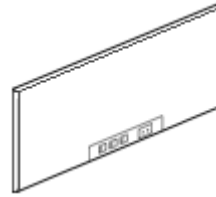

Our mobile easels are dry erasable on both sides. We offer a choice of porcelain or plastic laminate dry erase surfaces. The laminate-faced easel has a 3" tack strip near the top on one side to allow for tacking up paper, photos, or small samples. Frames are available in either Aluminum Gray (AG) or Black Tie (BT). Casters are 4" twin black casters, two of them have locking features. The single panel design, combined with the open arched legs allows the easels to be nested for storage when not in use.
